- (ii) A member of the Bank entitled to attend and vote may appoint another member as his/her proxy to attend and vote instead of him/her.
- (iii) Proxies must be received at the Registered Office of the Bank not less than 48 hours before the time of the meeting.
- (iv) Beneficial owners of the shares registered in the name of Central Depository Company of Pakistan (CDC) and/or their proxies are required to produce their original Computerized National Identity Card (CNIC) or passport for identification purpose at the time of attending the meeting. The form of the proxy must be submitted with the Bank within the stipulated time, duly witnessed by two persons whose names, addresses and CNIC numbers must be mentioned on the form, along with attested copies of the CNIC or the passport of the beneficial owner and the proxy. In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signature shall be submitted (unless it has been provided earlier) along with the proxy form of the Bank.
- (v) Any person seeking to contest the election, whether retiring Director or otherwise, must file with the Company Secretary his/her intention to offer himself/herself for election as a Director not later than 14 days before the date of the meeting. Such consent should include a declaration that they are aware of their duties and powers under the relevant law(s) and the Bank's Memorandum & Articles of Association and Listing Regulations of Stock Exchanges. If elected as a director, such person shall be subject to fit and proper test clearance by the State Bank.
- (vi) Shareholders are requested to notify immediately for any change in their address.

DIRECTORS' REPORT

We are pleased to present the Fourth Annual Report of JS Bank Limited ("JSBL") along with the audited accounts and Auditors' report thereon for the year ended December 31, 2009.

Economic Review

Macro economic indicators in Pakistan registered considerable improvements in 2009, mainly led by headline inflation which eased from a high of 25% in 2008 to almost 10% by year end. Record remittances coupled with lower commodity prices provided a major boost, easing the twin external deficits. A combination of inflows from International Monetary Fund and other multilateral sources greatly helped to build foreign exchange reserves up to US \$ 15 billion (22 months of import cover) at year end. However, Foreign Direct Investment suffered a sharp decline.

Weak Large Scale Manufacturing data recovered only marginally in the second half of the year. The Banking sector remained under pressure, with growth in credit off take of 4.2% (the slowest since 2002). Weak corporate demand along with erosion in asset quality hurt overall sectoral performance. Economic slow down amid high interest rates and an energy crisis affected quality of corporate earnings and had a trickle down effect on banks in the form of higher provisions which rose by Rs 55 billion in 2009. We anticipate banking sector advances to rise gradually, in line with economic activity in 2010. On a positive note, a gradual pick up in demand as infrastructure activities gather pace and from the energy sector in particular, is likely to help revive loan growth.

Business Overview

JS Bank has made strategic investments in infrastructure and human capital in 2009. These initiatives have helped position JS Bank as a mid-sized, performance driven bank in a very short span of time.

There have been multiple, comprehensive initiatives that have been launched in 2009 covering a wide array of business areas such as expansion of our branch network and provision of services via alternate delivery channels. A substantial investment was made in a national marketing campaign to give the Bank greater visibility.

During the year, the business base of the Bank was broadened. There was strong growh in the customer base and various income streams. In line with the Bank's growth strategies, considerable energy and resources have been committed to branch expansion which has seen the Bank increase its network from 39 branches/sub-branches covering 13 cities in 2008, to 101 branches/sub-branches in 49 cities. This expansion is designed to increase JS Bank's presence in Tier II and Tier III cities.

The Bank has made efforts to manage costs and ensure that it has an efficient, lean organization.

The Bank saw significant growth in our alternate delivery channels with the deployment of ATMs in over 50 locations in 2009. In addition, to ensure a high level of service and customer support, a dedicated toll free 24/7 call centre was launched. Agreements have also been signed with leading service providers in the industry for branchless banking services as well as cards products starting with debit cards.

Financial Performance

During the fiscal year, the Bank's focus was to build on its core deposit base. The bank witnessed growth in its deposit base from Rs 15.29 billion to Rs 21.31 billion, an increase of 39%. This is a significant achievement considering that the cost of deposits has also been reduced.

During the year, the bank sustained a loss after tax of Rs 594.93 million primarily due to provisioning against non-performing loans and against diminution in the value of investments. Furthermore, increased operating costs attributable to 61 new branches also contributed towards this loss.

The balance sheet grew in 2009 with the asset side of the bank improving due to higher business volumes. Total assets stood at Rs 32.89 billion up from Rs. 21.63 billion as at December 31, 2008 which was driven by 86% increase in investments and 21% increase in advances.

Summarized financial data:

	2009	2008	(Rupees in 000) 2007
Deposits and other accounts	21,313,791	15,294,273	13,679,898
Total Assets	32,894,920	21,627,802	20,327,752
Investments	9,535,555	5,138,709	6,309,536
Advances	11,689,653	9,680,449	6,475,963
(Loss) / Profit after tax	(594,936)	54,770	35,431

Capital

The minimum Paid up Capital (free of losses) requirements for banks have been revised by State Bank of Pakistan (SBP) vide BSD Circular No. 7 dated April 15, 2009. By virtue of the said circular, banks are required to raise their paid up capital (free of losses) up to Rs 10 billion by 2013.

For the year ending December 31, 2009, all banks were required to have a minimum paid up capital (free of losses) of Rs 6 billion by December 31, 2009 however, Paid up capital (free of losses) of our bank stood at Rs 5.604 billion. The SBP has granted an extension to our bank in meeting the compliance of the Minimum Capital Requirements until June 30, 2010.

Auditors

The retiring auditors Ernst & Young Ford Rhodes Sidat Hyder Chartered Accountants, being eligible, offer themselves for re-appointment. The Audit Committee of the Bank has recommended their re-appointment until the conclusion of the next AGM.

Credit Ratings

The Pakistan Credit Rating Agency (PACRA) has upgraded the long-term and short-term entity ratings of JS Bank Limited to "A" from A- and "A1" from A2, respectively. These ratings denote low expectation of credit risk emanating from a strong capacity for timely payment of financial commitments. The ratings reflect the improvement in JSBL's relative positioning amongst peers and appreciable progress accomplished in formulating a cogent business strategy, strengthening systems and controls,

developing a core management team, expanding the branch network and successfully implementing the technology infrastructure.

Statement on Internal Controls

Management of JS Bank Limited acknowledges its responsibility for establishing and maintaining adequate systems of internal controls and procedures. Accordingly, the management has developed policies and procedures and internal control evaluation charts across all areas of the organization. These policies and procedures are first approved by the senior management and thereafter forwarded to the Board of Directors for final approval. The Bank's Internal Audit function continues to monitor compliance with these policies and procedures and regularly communicates findings to the Board through the Audit Committee.

During the year the Management of the Bank has reviewed the system of internal controls in accordance with established benchmarks including the "Committee of Sponsoring Organizations – COSO" Framework. The Management in consultation with the external auditors has also devised testing strategies that meet the requirements of relevant international benchmarks (PCAOB Standards) for evaluating the results of testing activities. With the testing activities underway, management is geared to comply with the requirement for certification of internal controls upon finalization of reporting formats between the various Regulatory Stakeholders.

Risk Management Framework

The Bank has been proactive in adopting measures to manage, monitor and mitigate risks associated with banking activities and has placed great emphasis in the development of an effective risk management framework which contributes towards efficient mobilization and allocation of the Bank's capital. Risk management activities take place at different hierarchy levels but are supervised by the management of the Bank through a framework of policies, procedures, risk measurement and monitoring mechanism closely aligned with the banks operations.

The Bank also has a comprehensive risk management framework commensurate with the nature of its business, which includes:

- Clearly defined risk management policies and procedures covering risk identification, acceptance, measurement, monitoring, reporting and control.
- A well constituted centralized organizational structure defining roles and responsibilities of individuals involved in risk taking as well as managing it.
- An effective management information system that ensures a smooth flow of information from the operational level to top management and a system to address any exceptions observed. Any deviation to the approved standards is required to be explicitly approved by the competent level of authorities.
- A mechanism to ensure an on-going review of systems, policies and procedures for risk management and measures to adopt changes.

Statement on Corporate and Financial Reporting Framework

The Directors confirm compliance with the Corporate and Financial Reporting Framework of the Securities & Exchange Commission of Pakistan and Code of Corporate Governance for the following:

- The financial statements prepared by the Management present fairly the state of affairs of the Bank, the results of its operations, Cash Flow Statement and Statement of Changes in Equity.
- Proper books of accounts of the Bank have been maintained.
- Accounting policies as stated in the notes to the accounts have been consistently applied in the preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- International Accounting Standards as applicable in Pakistan have been followed in preparation of the financial statements.
- The system of internal controls is sound in design and has been effectively implemented and monitored.
- There are no doubts about the Bank's ability as a going concern.
- There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- The details of outstanding statutory payments, if any, have been adequately disclosed in the financial statements.

Employee Benefits Scheme

The Bank operates a funded provident scheme covering all its permanent employees. The un-audited balance of the fund as at December 31, 2009 was Rs 90.96 million (December 31, 2008, Rs 48.01 million).

Board Meetings

Six meetings of the Board of Directors were held during the Year 2009. The attendance of directors at Board Meetings is as follows:

Name of Director	Eligible to attend	Meetings attended
Jahangir Siddiqui, Chairman	6	6
Mazharul Haq Siddiqui	6	2
Maqbool A. Soomro	6	6
Ashraf Nawabi	6	3
Rafique R. Bhimjee	6	6
Syed Amjad Ali	6	5
Basir Shamsie	6	5
Naveed Qazi, President & CEO	6	6

Pattern of Shareholding

Statement of Pattern of Shareholding as on December 31, 2009 appears on Page No. 76 and includes the transactions carried out by the Directors, Chief Executive Officer, Chief Financial Officer, Company Secretary and their spouses and minor children.

Acknowledgements

We would like to express our sincere thanks and gratitude for the guidance provided by the State Bank of Pakistan, the Securities and Exchange Commission of Pakistan and the Karachi Stock Exchange (Guarantee) Limited. We would also like to thank our valued clients for their continued patronage and confidence. The Board would also like to place on record its appreciation for the hard work, dedication, professionalism and sincere efforts of the senior management, officers and staff of the Bank at all levels.

Jahangir Siddiqui Chairman Karachi: February 23, 2010

STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CORPORATE GOVERNANCE

For the year ended December 31, 2009

This statement is being presented to comply with the Code of Corporate Governance as required under Prudential Regulation No. G-1 - Responsibilities of the Board of Directors, vide BSD Circular No.15 dated June 13, 2002 for the purposes of establishing a framework of good governance, whereby a Bank is managed in compliance with the best practices of Corporate Governance.

- 1. The Bank encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes six non-executive directors including three independent directors. There are no directors representing minority shareholders.
- 2. The directors have confirmed that none of them is serving as a director in more than ten listed companies including the Bank.
- 3. All the resident directors of the Bank are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a Development Financial Institution (DFI) or a Non Banking Finance Company (NBFC) or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. No casual vacancy occurred on the Board during the year ended December 31, 2009.
- 5. The Bank has prepared a Statement of Ethics and Business practices, which has been signed by all the Directors and employees on joining the Bank.
- 6. The Board has developed a vision / mission statement, overall corporate strategy and significant policies of the Bank. A complete record of particulars of significant policies along with the dates of approval or amendment has been maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer (CEO) and the Executive Director have been taken by the Board.
- 8. All the meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- 9. The Board members have been provided an orientation course to apprise them of their duties and responsibilities.
- 10. The Board has approved appointment of Chief Financial Officer (CFO), Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment, as determined by the CEO.

- 11. The directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
- 12. The Financial Statements of the Bank were duly endorsed by CEO and CFO before approval of the Board.
- 13. The directors, CEO and executives do not hold any interest in the shares of the Bank other than that disclosed in the pattern of shareholding.
- 14. The Bank has complied with all the corporate and financial reporting requirements of the Code as applicable during the period.
- 15. The Board has formed an audit committee. It comprises three members, of whom all are nonexecutive directors including the Chairman of the committee.
- 16. The meetings of the Audit Committee were held once every quarter prior to the approval of interim and final results of the Bank as required by the Code. The terms of reference of the committee have been framed by the Board and the Audit Committee operates within the defined terms of reference.
- 17. The Board has set up an effective internal audit function consisting of a full time internal auditor who is suitably qualified and experienced for the purpose and is conversant with the policies and procedures of the Bank.
- 18. The statutory auditors of the Bank have confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Bank and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.
- 19. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 20. We confirm that all other material principles contained in the Code have been complied with.

For and on behalf of the Board

Naveed Qazi President & CEO Karachi: February 23, 2010

REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the Statement) contained in the Code of Corporate Governance (the Code) for the year ended 31 December 2009 prepared by the Board of Directors of JS Bank Limited (the Bank) to comply with the Listing Regulation No. 35 (Chapter XI) of The Karachi Stock Exchange (Guarantee) Limited where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Bank compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance, procedures and risks.

Further, Sub-Regulation (xiii a) of Listing Regulation 35 notified by The Karachi Stock Exchange (Guarantee) Limited vide circular number KSE/N-269 dated 19 January 2009 requires the Bank to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedure to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code for the year ended 31 December 2009.

Ernst & Young Ford Rhodes Sidat Hyder Chartered Accountants February 23, 2010

AUDITOR'S REPORT TO THE MEMBERS

We have audited the annexed balance sheet of JS Bank Limited (the Bank) as at 31 December 2009 and the related profit and loss account, cash flow statement, statement of comprehensive income and statement of changes in equity, together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended, in which are incorporated the unaudited certified returns from the branches except for four branches which have been audited by us and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and after due verification, which in case of loans and advances covered more than sixty percent of the total loans and advances of the Bank, we report that:

- in our opinion proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984 (XLVII of 1984) and the returns referred to above received from the branches have been found adequate for the purposes of our audit;
- (b) in our opinion:
- (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied except for the change in accounting policy as disclosed in note 6.1 to the accompanying financial statements, with which we concur;
- (ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
- (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank;
- (c) in our opinion and to the best of our information and according to the explanations given to us the balance sheet, profit and loss account, cash flow statement, statement of comprehensive income and statement of changes in equity, together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the Bank's affairs as at 31 December 2009 and its true balance of the loss, its comprehensive loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under Section 7 of that Ordinance.

Without qualifying our opinion, we draw attention to note 1.3 to the accompanying financial statements wherein the Bank has disclosed that the Bank has been granted exemption from the requirement to have the minimum paid-up capital (free of losses) of Rs.6.00 billion as at 31 December 2009 till 30 June 2010 subject to certain conditions for which the management is currently in discussion with the State Bank of Pakistan.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2009

1. STATUS AND NATURE OF BUSINESS

- 1.1 JS Bank Limited (the Bank), incorporated in Pakistan, is a scheduled bank, engaged in commercial banking and related services. The Bank is listed on Karachi Stock Exchange in Pakistan. The Bank is a subsidiary of Jahangir Siddiqui & Company Limited (JSCL). The registered office of the Bank is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi and it operates with 101 (2008: 39) branches / sub-branches in Pakistan. The Pakistan Credit Rating Agency (Private) Limited (PACRA) has assigned the long term credit rating of the Bank as A ("Single A ") and the short term rating as A1 ("A One").
- 1.2 Jahangir Siddiqui Investment Bank Limited (JSIBL) and its holding company, Jahangir Siddiqui & Company Limited (JSCL), entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited (AEBL) Pakistan Operations. Consequently, a new banking company, JS Bank Limited (JSBL) was incorporated on March 15, 2006 and a restricted Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

Further, a Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL. The shareholders of JSIBL and JSBL in their respective extra ordinary general meetings held on July 31, 2006 approved a Scheme of Amalgamation (the Scheme) under Section 48 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SC/NBF-C(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by State Bank of Pakistan (SBP) vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

1.3 The State Bank of Pakistan through its BSD Circular No. 7 dated April 15, 2009 has prescribed that the minimum paid up capital (net of losses) for Banks / Development Finance Institutions (DFIs) be raised to Rs.10 billion by the year ending December 31, 2013. The raise is to be achieved in a phased manner requiring Rs.6 billion paid up capital (free of losses) by the end of the financial year 2009. The paid up capital (free of losses) of the Bank as at December 31, 2009 stood at Rs.5.604 billion. However, the Bank has been granted an exemption till June 30, 2010 to meet the minimum capital requirement by the SBP, subject to certain conditions for which the management is currently in discussion with the SBP.

Further, the Board of Directors of the Bank, in order to comply with the enhanced capital requirements, is considering various options including but not limited to issue of right shares, induction of new equity partner, merger with an associated undertaking etc. and strongly believes that the Bank will be able to meet the minimum capital requirement by June 30, 2010.

2. BASIS OF PRESENTATION

In accordance with the directives of the Federal Government regarding the conversion of the banking system to Islamic modes, the SBP has issued various circulars from time to time. Permissible forms of traderelated modes of financing include purchase of goods by the Bank from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of mark-up thereon.

3. STATEMENT OF COMPLIANCE

3.1 These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified

under the Companies Ordinance, 1984, and the provisions of and regulations / directives issued under the Banking Companies Ordinance, 1962 and the Companies Ordinance, 1984. In case requirements differ, the provisions of and regulations / directives issued under the Banking Companies Ordinance, 1962 and the Companies Ordinance, 1984, shall prevail.

3.2 The SBP vide BSD Circular No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard 39, Financial Instruments: Recognition and Measurement (IAS 39) and International Accounting Standard 40, Investment Property (IAS 40) for Banking companies till further instructions. Further, according to the notification of SECP dated April 28, 2008, the IFRS - 7 "Financial Instruments: Disclosures" has not been made applicable to banks. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

3.3 Accounting standards not yet effective

The following revised standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation:

Standard or Interpretation	Effective date (accounting periods beginning on or after)
IFRS 2 – Share-based Payments: Amendments relating to Group Cash-settled Share-based Payment Transactions	January 01, 2010
IFRS 3 – Business Combinations (Revised)	July 01, 2009
IAS - 27 Consolidated and Separate Financial Statements (Amendment)	July 01, 2009
IFRIC 17 – Distributions of Non-cash Assets to owners	July 01, 2009
IFRIC 19 - Extinguishing Financial Liabilities with Equity Instruments	July 01, 2010

In addition to the above, amendments to various accounting standards have also been issued by the IASB as a result of its improvement project in April 2009. Such improvements are generally effective for accounting periods beginning on or after 01 January 2010. The Bank expects that such improvements to the standards will not have any material impact on the Bank's financial statements in the period of initial application.

4. BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention, except for held for trading and available-for-sale investments, and derivative financial instruments which are stated at fair value.

5. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are continually evaluated

and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

In the process of applying the Bank's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- (a) classification of investments (note 6.5);
- (b) valuation of derivatives (note 6.6.2);
- (c) determining the residual values and useful lives of property and equipment (note 6.9);
- (d) impairment (note 6.10);
- (d) recognition of taxation and deferred tax (note 6.11);
- (e) provisions (note 6.12);
- (f) accounting for post employment benefits (note 6.13);
- (g) goodwill (note 6.17); and
- (h) segment reporting (note 6.18)

6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Change in accounting policy and disclosure

The accounting policies adopted in the preparation of these financial statements are consistent with those followed in the preparation of previous financial year except for the following:

- IAS-1 Presentation of Financial Statements (Revised) effective 1 January 2009

The revised standard separates owner and non-owner changes in equity. The statement of changes in equity includes only details of transactions with owners, with non-owner changes in equity presented as a single line. In addition, the standard introduces the statement of comprehensive income: it presents all items of recognised income and expense, either in one single statement, or in two linked statements. The Bank has elected to present two statements, an income statement and a statement of comprehensive income, rather than a single statement of comprehensive income combining the two elements.

Further, surplus arising on revaluation of assets has been reported in accordance with the requirements of the Companies Ordinance, 1984 and the directives of the State Bank of Pakistan in a separate account below equity.

6.2 Cash and cash equivalents

Cash and cash equivalents represent cash and balances with treasury banks, balances with other banks and overdrawn nostro accounts.

6.3 Lendings to / borrowings from financial institutions

The Bank enters into transactions of lendings to / borrowings from financial institutions at contracted rates for a specified period of time. These are recorded as under:

Sale under repurchase obligation

Securities sold subject to a re-purchase agreement (repo) are retained in the financial statements as investments and the counter party liability is included in borrowings. The differential in sale and re-purchase value is accrued over the period of the contract and recorded as an expense.

Purchase under resale obligation

Securities purchased under agreement to resell (reverse repo) are included in lendings to financial institutions or advances as appropriate. The differential between the contracted price and resale price is amortised over the period of the contract and recorded as income.

Other borrowings

These are recorded at the proceeds received. Mark-up paid on such borrowings is charged to the profit and loss account over the period of borrowings.

6.4 Trade date accounting

All 'regular way' purchases and sales of financial assets are recognised on the trade date, i.e. the date on which commitment to purchase / sale is made by the Bank. Regular way purchases or sales of financial assets are those, the contract for which requires delivery of assets within the time frame generally established by regulation or convention in the market place.

6.5 Investments

The management determines the appropriate classification of its investments at the time of purchase and classifies these investments as held for trading, available-for-sale or held to maturity. These are initially recognized at cost, being the fair value of the consideration given plus, in the case of investments not held for trading, directly attributable acquisition costs.

Held for trading

These are securities, which are either acquired with the intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days. These are carried at fair value, with the related surplus / (deficit) being taken to profit and loss account.

Held to maturity

These are securities with fixed or determinable payments and fixed maturities that are held with the intention and ability to hold to maturity.

Investments classified as held to maturity are carried at amortized cost.

Available-for-sale

These are investments that do not fall under the held for trading or held to maturity categories.

These are initially recognized at cost, being the fair value of the consideration given including the acquisition cost.

In accordance with the requirements of the SBP, quoted securities other than those classified as held to maturity are carried at market value. Investments classified as held to maturity are carried at amortised cost. Unquoted securities are valued at cost less impairment, if any.

Further, in accordance with the requirements of the SBP, surplus / (deficit) on revaluation of the Bank's held-for-trading investments is taken to the profit and loss account. The surplus / deficit on investments

classified as available-for-sale is kept in a separate account shown in the balance sheet below equity. The surplus / (deficit) arising on these securities is taken to the profit and loss account when actually realized upon disposal. The unrealized surplus / (deficit) arising on revaluation of quoted securities which are classified as 'held for trading' is taken to the profit and loss account.

Premium or discount on acquisition of investments is capitalized and amortized through the profit and loss account using effective yield over the remaining period till maturities.

Provision for diminution in the value of securities (except for term finance certificates) is made after considering impairment, if any, in their value. Provision for diminution in value of term finance certificates is made in accordance with the requirements of the Prudential Regulations issued by the SBP.

Profit and loss on sale of investments is included in income currently.

6.6 Financial Instruments

6.6.1 Financial assets and financial liabilities

Financial instruments carried on the balance sheet includes cash and bank balances, lendings to financial institutions, investments, advances, certain receivables, bills payable, borrowings from financial institutions, deposits and other payables. The particular recognition methods adopted for significant financial assets and liabilities are disclosed in the individual policy statements associated with these assets and liabilities.

6.6.2 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to the profit and loss account.

6.7 Off-setting of financial assets and financial liabilities

Financial assets and liabilities are set off and the net amount is reported in the financial statements when there exists a legally enforceable right to set off and the Bank intends either to settle the assets and liabilities on a net basis or to realize the assets and to settle the liabilities simultaneously. Income and expenses arising from such assets and liabilities are accordingly offset.

6.8 Advances

Advances are stated net of general and specific provision. General and specific provisions against funded loans are determined in accordance with the requirements of the Prudential Regulations issued by the SBP and charged to the profit and loss account. Advances are written off when there are no realistic prospects of recovery.

6.9 Operating fixed assets and depreciation

Property and equipment – owned

Owned assets are stated at cost less accumulated depreciation and impairment, if any, except capital work in progress, which is stated at cost.

Depreciation is charged to income using the straight-line method so as to write off the depreciable amount of the assets over their estimated useful lives at the rates given in note 12 to the financial statements. A full month's depreciation is charged in the month of addition and no depreciation is charged for the month in which the disposal is made. The assets residual values and useful lives are reviewed, and adjusted, if appropriate, at each balance sheet date.

Normal repairs and maintenance are charged to the profit and loss account as and when incurred.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognized in the profit and loss account in the year the asset is derecognized.

Intangible

Intangible assets are stated at cost less accumulated amortization and impairment, if any. Intangible assets are amortized from the month when the assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Bank. The useful life and amortization method are reviewed and adjusted, if appropriate, at each balance sheet date.

Intangible assets having an indefinite useful life are carried at cost less any impairment in value and are not amortised. Intangible assets having an indefinite useful life are reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

6.10 Impairment

At each balance sheet date the Bank reviews the carrying amounts of its assets to determine whether there is an indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss, if any. Recoverable amount is the greater of net selling price and value in use. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the assets is reduced to its recoverable amount. Impairment losses are recognized as an expense immediately.

6.11 Taxation

Current

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing laws for taxation on income. The charge for current tax also includes adjustments, where considered necessary, relating to prior years arising from assessments made during the year.

Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences arising between tax bases of assets and liabilities and their carrying amounts appearing in the financial statements. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefits will be realized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences are expected to reverse, based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited to the profit and loss account.

Deferred tax, if any, on revaluation of investments is recognised as an adjustment to surplus / (deficit) arising on revaluation.

6.12 Provisions

Provisions are recognised when the Bank has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Provision against identified non-funded losses is recognized when intimated and reasonable certainty exists for the Bank to settle the obligation. The loss is charged to profit and loss account net of expected recovery.

6.13 Staff retirement benefits

Defined contribution plan

The Bank has established a provident fund scheme for all permanent employees effective from January 01, 2007. Equal monthly contributions are made, both by the Bank and the employees, to the fund at the rate of 10 percent of basic salary.

Defined benefit plan

The Bank operates a unfunded gratuity scheme covering all employees, which requires contribution to be made in accordance with the actuarial recommendations. The most recent valuation in this regard was carried out as at December 31, 2009, using the projected unit credit actuarial valuation method. Actuarial gains and losses are recognised as income or expense when the net cumulative unrecognised actuarial gains and losses at the end of the previous reporting period exceed 10% of the higher of the defined benefit obligation and the fair value of plan assets at that date. These gains or losses are recognised over the expected average remaining working lives of the employees participating in the plan.

6.14 Revenue recognition

Mark-up / return / interest income on regular loans and advances and investments is recognised on accrual basis. Mark-up / return / interest income on classified advances is recognised on receipt basis.

Commission is generally recognised as income at the time of affecting the transaction to which it relates, except on guarantees on which the commission is recognised as income over the period of the guarantee. Fees are recognised when earned.

Dividend income is recognized when the right to receive the dividend is established.

6.15 Dividend and appropriation to reserves

Dividend and appropriation to reserves except for statutory reserves are recognized in the financial statements in the periods in which these are approved.

6.16 Foreign currencies

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Bank operates. The financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

Foreign currency transactions

Transactions in foreign currencies are translated into rupees at the foreign exchange rates ruling on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in rupee terms at the rates of exchange ruling on the balance sheet date. Forward foreign exchange contracts are valued at forward rates applicable to their respective maturities.

Translation gains and losses

Translation gains and losses are included in the profit and loss account.

Commitments

Commitments for outstanding forward foreign exchange contracts disclosed in these financial statements are translated at contracted rates. Contingent liabilities/commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the rates of exchange ruling on the balance sheet date.

6.17 Goodwill

Goodwill acquired in a business combination is initially measured at cost, being the excess of the cost of the business combination over the Bank's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities acquired. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Bank's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units or groups of units.

6.18 Segment reporting

A segment is a distinguishable component of the Bank that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

6.18.1 Business segments

Corporate finance

Corporate banking includes services provided in connection with mergers and acquisition, underwriting, privatization, securitization, research, debts (government, high yield), equity, syndication, IPO and secondary private placements.

Trading and sales

It includes fixed income, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos, brokerage debt and prime brokerage.

Retail banking

It includes retail lending and deposits, banking services, trust and estates, private lending and deposits, banking service, trust and estates investment advice, merchant / commercial / corporate cards and private labels and retail.

Commercial banking

Commercial banking includes project finance, real estate, export finance, trade finance, factoring, leasing, lending, guarantees, bills of exchange and deposits.

6.18.2 Geographical segment

The Bank has 101 (2008:39) branches / sub-branches and operates only in Pakistan.

6.19 Assets acquired in satisfaction of claims

The Bank occasionally acquires assets in settlement of certain advances. These are stated at lower of the net realizable value of the related advances and the current fair value of such assets.

6.20 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Bank in balance sheet.

- 11.4.1 The SBP, vide BSD Circular No. 10, dated October 20, 2009, has amended Prudential Regulations in respect of provisioning against non-performing advances. The revised regulations allow the benefit of 40 percent of Forced Sale Value (FSV) of pledged stocks and mortgaged commercial, residential and industrial property held as collateral by the Bank in determining the amount of provision against non-performing advances. Previously, the Banks were only allowed to take the benefit of 30 percent of FSV of pledged stocks and mortgaged commercial and residential properties. Accordingly, the above change in regulation has resulted in reduced provisioning by Rs.23.026 million against non-performing advances and a consequent decrease in loss after taxation by Rs.23.026 million.
- **11.4.2** The general provision includes provision made against consumer portfolio in accordance with the Prudential Regulations issued by SBP at 1.5% of fully secured consumer portfolio.

11.5 Details of loan write off of Rs.500,000 and above

There have been no loan write offs or any other financial relief allowed to a person during the year ended December 31, 2009 of Rs.500,000 or above that require disclosure in terms of sub-section (3) of section 33A of the Banking Companies Ordinance, 1962.

- 12.3.1 This represents membership card of Islamabad Stock Exchange. It has an indefinite useful life and is carried at cost.
- **12.3.2** This represents the non-compete fee, of Rs.150 million which was adjusted by Rs.23.317 million vide the stipulations stated in the agreement dated November 10, 2005 between the parties, paid to American Express Bank Limited, New York for a period of three years.
- **12.3.3** This represents banking software and license acquired during the year.
- **12.3.4** For impairment testing, goodwill has been allocated to 'Trading and Sales' Segment as Cash Generating Unit (CGU), which is also a reportable segment.

Key assumptions used in value in use calculation

The recoverable amount of the CGU has been determined based on value in use calculation, using cash flow projections based on business plans approved by the senior management of the Bank covering a five year period. The discount rates applied to cash flows beyond the five year period are extrapolated using a terminal growth rate. The following rates are used by the Bank.

	2009	2008
Discount rate - discrete period	23.6%	24.4%
Terminal growth rate	10.0%	10.0%

The calculation of value in use is most sensitive to the following assumptions:

(a) Interest margins

Interest margins are based on prevailing industry trends and anticipated market conditions.

(b) Discount rates

Discount rates reflect management estimates of the rate of return required for each business and are calculated after taking into account the prevailing risk free rate, industry risk and business risk. Discount rates are calculated by using the cost of equity of the Bank.

(c) Key business assumptions

These assumptions are important as they represent management assessment of how the unit's position might change over the projected period. Based on expansion plans, management expects aggressive growth in advances, investments and deposits during the projected periods and thereafter stabilisation in line with industry trends.

(d) Sensitivity to changes in assumptions

Management believes that reasonable possible changes in other assumptions used to determine the recoverable amounts will not result in an impairment of goodwill.

19.2.1 During the previous year, the Board of Directors of the Bank in its meeting held on September 29, 2008 approved issuance of 20% right shares at par value i.e. Rs.1,021.267 million (102,126,750 shares). Upto last date of payment for right shares i.e. December 05, 2008 total subscription received amounted to Rs.588.506 million in respect of 58,850,643 shares and, 43,276,107 shares remained unsubscribed. The Board in its meeting held on December 19, 2008 approved the allotment of 58,850,643 right shares to the shareholders who had made payments on or before the last date.

Further, exercising its powers vested under section 86(7) of the Companies Ordinance, 1984 the Board in respect of 43,276,107 un-subscribed right shares authorised the Chairman and the President of the Bank to allot these shares to any suitable investor(s) on or before January 31, 2009.

In consequence of the decision of the Board, during the current year the unsubscribed shares were offered to Jahangir Siddiqui & Company Limited (JSCL) (the holding company), and JSCL subscribed 43,276,107 unsubscribed right shares on February 14, 2009.

- **19.2.2** JSCL held 395,162,551 (2008: 351,886,444) Ordinary shares of Rs.10 each as at December 31, 2009 representing 64.49% (2008: 61.79%) holding.

Commitment in respect of capital expenditure	101,610	102,798

22. DERIVATIVE INSTRUMENTS

The Bank, at present, does not offer structured derivative products such as Interest Rate Swaps, Forward Rate Agreements and FX Options. However, the Bank's Treasury buys and sells financial instruments such as forward foreign exchange contracts.

The management is committed to managing risk and controlling business and financial activities in a manner which enables it to maximize profitable business opportunities, avoid or reduce risks, which can cause loss or reputation damage, ensure compliance with applicable laws and regulations and resilience to external events.

The Asset and Liability Committee regularly reviews the Bank's risk profile in respect of derivatives. Operational procedures and controls have been established to facilitate complete, accurate and timely processing of transactions and derivative activities. These controls include appropriate segregation of duties, regular reconciliation of account and the valuation of assets and liability positions. The Bank has established trading limits, allocation process, operating controls and reporting requirements that are specifically designed to control risk of aggregate positions, assure compliance with accounting and regulatory standards and provide accurate management information regarding these activities.

Accounting policies in respect of derivative financial instruments are described in note 6.6.2.

29. TAXATION

The numerical reconciliation between the average tax rate and the applicable tax rate has not been presented in these financial statements due to tax loss during the year.

Under Section 114 of the Income Tax Ordinance, 2001 (Ordinance), the Bank has filed the returns of income for the tax years 2006, 2007 and 2008 on due date. The said returns are deemed to be assessed under the provisions of the prevailing income tax law as applicable in Pakistan during the relevant accounting years.

33. DEFINED BENEFIT PLAN

33.1 General description

30.

31.

32.

The Bank operates a unfunded gratuity scheme for all employees who opted for the new staff retirement benefit scheme introduced by the management with effect from January 01, 2007.

33.2 Number of employees under the schemes

The number of employees covered under the following defined benefit scheme is 820 (2008: 610).

The actuarial valuations were carried out on December 31, 2009 based on the Projected Unit Credit Method, using the following significant assumptions:

		December 31, 2009	December 2008		festimation
	Discount rate Expected rate of salary increase	14% 14%	15% 15%	Linked to ser future salary i	ernment bonds niority, promotion, increase and supply in employment

	obligation - gain / (loss)		1,732	(141)	(572)

33.8 The Bank amortizes transitional liability over a period of five years.

34. DEFINED CONTRIBUTION PLAN

The Bank operates a contributory provident fund scheme for all permanent employees. The employer and employee both contribute 10% of the basic salaries to the funded scheme every month. Number of employees covered under this plan are 820 (2008: 352). During the year, employees made a contribution of Rs.25.470 (2008: Rs.16.778) million to the fund. The Bank has also made a contribution of equal amount to the fund.

35. COMPENSATION OF DIRECTORS AND EXECUTIVES

The aggregate amount charged in the financial statements for the year in respect of the remuneration and benefits to the President / Chief Executive, Directors and Executives are as follows:

	2009					
	President	Directors	Executives	Total

Number of persons	1	1	86	88	

36. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of traded investments is based on quoted market price. Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in note 6.8 to these financial statements.

The repricing profile, effective rates and maturity are stated in note 41 to these financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

37. SEGMENT DETAILS WITH RESPECT TO BUSINESS ACTIVITIES

The segment analysis with respect to business activities is as follows:-

December 31, 2009	Corporate finance	Trading & sales	Retail banking F	Commercial banking Rupees in '000	Payment & settlement	Others	Total

40.3 Capital Adequacy

Capital Management

The primary objective of the Bank's capital management is to ensure that the Bank complies with all regulatory capital requirements and at the same time maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders' value.

Statutory minimum capital requirement and management of capital

The State Bank of Pakistan (SBP) through its BSD Circular No. 07 dated April 15, 2009 requires the minimum paid up capital (net of losses) for Banks / Development Finance Institutions (DFIs) to be raised to Rs.10 billion by the year ending December 31, 2013. This increase in capital is to be achieved in a phased manner requiring Rs.6 billion paid up capital (net of losses) by the end of the financial year 2009.

The paid up capital (net of losses) of the Bank as at December 31, 2009 stood at Rs.5.6 billion. The Bank has been granted an extension by the SBP vide its letter No.BSD/BAI-3/608/015/2010 dated January 06, 2010 till June 30, 2010 to meet the minimum capital requirement, as more fully explained in note 1.3.

In addition, the Bank was also required to maintain a minimum Capital Adequacy Ratio (CAR) of 10% of the risk weighted exposure of the Bank. Bank's CAR as at December 31, 2009 was 23.99% of its risk weighted exposures.

Bank's regulatory capital is analyzed into two tiers

Tier 1 capital, which includes fully paid up capital, general reserves and un-appropriated profit as per the financial statements net of goodwill, other intangible assets and deficit on revaluation of available-for-sale investment portfolio.

Tier 2 capital includes reserves on the revaluation of available-for-sale investments (up to a maximum of 45% of the balance in the related revaluation reserves).

The capital of the Bank is managed keeping in view the requirements laid down by SBP under BSD Circular No. 07 dated April 15, 2009 for "Minimum Capital Requirements for Banks". The adequacy of the capital is tested with reference to the risk-weighted assets of the Bank.

Bank in alignment with its corporate strategy has laid down its footprints across Pakistan with plans to further expand its outreach with more branches nationwide this year, providing a range of innovative financial products and services to a wide customer base. The capital adequacy is constantly being monitored and stress tested by using various adverse scenarios. The Bank has developed a formalized strategy for the Internal Capital Adequacy Assessment as laid down by SBP under ICAAP Guidelines, which commensurate with the size, nature & complexity of its business operations.

The capital to risk weighted assets ratio, calculated in accordance with the SBP guidance on capital adequacy was as follows:

		uirements December 31, 2008	-

41. RISK MANAGEMENT

Risk Management is a discipline at the core of every financial institution and encompasses all the activities that affect its risk profile. At the Bank, it involves identification, measurement, monitoring and controlling risks to ensure that:

- a) The individuals who take or manage risks clearly understand it;
- b) The Bank's Risk exposure is within the limits established by Board of Directors (BoD);
- c) Risk taking decisions are in line with the business strategy and objectives set by BoD;
- d) The expected payoffs compensate for the risks taken;
- e) Risk taking decisions are explicit and clear;
- f) Sufficient capital as a buffer is available to take risk; and
- g) Risk management function is independent of risk taking unit.

Keeping in view the dynamics of internal and external environment, we regularly review and update our Risk Management policy / framework and procedures in accordance with regulatory environment and international standards.

Risk management framework of Bank includes:

- a) Clearly defined risk management policies and procedures covering risk identification, acceptance, measurement, monitoring, reporting and control;
- b) Well constituted organizational structure, defining clearly roles and responsibilities of individuals involved in risk taking as well as managing it. Bank, in addition to risk management functions for various risk categories, has instituted an Integrated Risk Management Committee (IRMC) that supervises overall risk management at the Bank. The IRMC establishes the Bank's overall risk-taking capacity. This involves an effective portfolio management strategy, keeping in view the earnings growth target and capital constraints. The IRMC sets the strategic target and aggregate limits at the Business Group level and concentration limits (by industry, geography, size, tenor) so that one category of assets or dimension of risk cannot materially harm the performance of the Bank;
- c) An effective management information system that ensures flow of information from operational level to top management and a system to address any exceptions observed; and
- d) A mechanism to ensure an ongoing review of systems, policies and procedures for risk management and procedures to adopt changes.

While the overall responsibility of risk management rests with the BoD, it is the duty of Senior Management to devise risk management strategy by setting up well defined policies and procedures for mitigating / controlling risks, duly approved by the Board.

Giving due consideration to the above, the Bank has put in place the following hierarchy of Risk Management:

- Board of Directors (BoD), Risk Management Sub-Committee;
- Integrated Risk Management Committee (IRMC) which comprises of the President / Chief Executive Officer (CEO), Group Head Risk Management, Business Heads, and Other Functional Heads.
- Asset Liability Committee which comprises of the President / CEO, Treasurer, Group Head Risk Management, Other Business Heads.
- Risk Management Group (RMG) which comprises of Risk Managers for Credit, Market and Operational Risks, Treasury Middle Office and Credit Administration Department including Special Asset Management Unit.

RMG is managed by Group Head Risk Management to supervise the following Divisions:

- a) Credit Risk Management (CRM) including both Corporate / Commercial and Small Medium Enterprise (SME) / Consumers Risks
- b) Credit Administration Division (CAD) including Special Asset Management (SAM)
- c) Operational Risk Management
- d) Market Risk Management (MRM)
- e) Treasury Middle Office
- f) Financial Institution Risk Management Unit (also responsible for Cross-border Risk Management)
- g) Basel II Implementation

The Bank's RMG generates the requisite risk reporting for the different tiers of management. These are also subjected to internal audit review.

Risk Matrix / Categories

Bank, in common with other banks, generates its revenues by accepting country, credit, liquidity, interest rate risk in the Banking Book, market, operational and other risks. Effective management of these risks is the decisive factor in the Bank's profitability.

Risk Appetite

The Bank's risk appetite is reflected in its endeavours to maintain a favourable credit rating and encompasses the following:

- The business strategy
- The expectations of stakeholders at different time horizons
- The characteristics of the risk-bearing entities
- The nature and characteristics of the risks undertaken
- The possible spread of risk situations across organizational units, assets-at-risk, and future time horizons.

Risk appetite drives business activity. It combines anticipations in risk and profitability with management preferences to control capital and resource allocation, as well as the distribution of exposure across activities and portfolios.

Bank's hedging strategy is embedded in its risk management practices for addressing material categories of risk.

41.1 Credit Risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. Credit risk is managed in terms of credit policies, approved by the BoD and regulations issued by the SBP. Bank is exposed to credit risk on loans and advances, fund placements with financial institutions and certain investments.

The Bank's strategy is to minimize credit risk through product, geography, and industry and customer diversification. Credit limits are established for all counter-parties after a careful assessment of their credit worthiness. An effective credit granting procedure, which requires pre-sanction evaluation of credit proposal, adequacy of security and pre-disbursement examination of charge documents has been established and managed by Risk Management Group (RMG) at head office. The Bank maintains a sound portfolio diversified in nature to counter the risk of credit concentration and further limits risk through diversification of its assets by geographical and industrial sector. For managing impaired assets in the portfolio, the Bank follows the Prudential Regulations and Risk Management guidelines issued by SBP and the Remedial Management Policy approved by the Board.

41.1.1 Segmental Information

Segmental information is presented in respect of the class of business and geographical distribution of advances, deposits, contingencies and commitments.

41.1.2 Credit Risk: Standardized Approach

The Bank has adopted the Standardised Approach of Basel II for risk weighing its Credit Risk Exposures.

The following table illustrates the approved External Credit Assessment Institutions (ECAIs) whose ratings are being utilized by the Bank with respect to material categories of exposures:

Exposures	JCR-VIS	PACRA	MOODY'S	FITCH	S&P
Corporate	\checkmark	\checkmark	-	-	-
Banks	\checkmark	\checkmark	\checkmark	\checkmark	
SME's (Retail					
Exposures)	\checkmark	\checkmark	-	-	-
Sovereigns	N/A	N/A	N/A	N/A	N/A
Securitizations	N/A	N/A	N/A	N/A	N/A
Others (Specify)	N/A	N/A	N/A	N/A	N/A

The Bank has used Issue Specific Ratings for rating / risk weighing Issue Specific Exposures and Entity Ratings for rating / risk weighing claims against specific counterparties. Both short and long term ratings have been used to rate corresponding short and long term exposures. For this purpose, Mapping Grid provided by SBP has been used.

* Credit Risk Mitigation (CRM)						

* Credit Risk Mitigation (CRM)

41.1.2.3 Policies and processes for collateral valuation and management as regards Basel II;

For Credit Risk Mitigation purposes the Bank uses only the eligible collaterals under Simple Approach of Credit Risk Mitigation under Standardized Approach as prescribed by SBP under Circular No. 8 of 2006, which includes Cash and Cash Equivalent Securities including Government Securities (like Cash Margins, Lien on Bank Accounts, Foreign Deposit Receipts, Term Deposit Receipts, Pledge of Defense Saving Certificates, Regular Income Certificates, Special Saving Certificates, T-Bills and Pakistan Investment Bonds etc.) and Shares Listed on the Main Index.

Under Bank policy all collaterals are subject to periodic valuations to monitor the adequacy of margins held. Shares / Marketable securities are valued by the Bank on weekly basis to calculate the Drawing Power (DP). In case of any shortfall in the requisite margins, the DP is adjusted to the appropriate level and the business units are informed to take appropriate action as per the agreement with the customer.

41.2 Equity Position risk in the banking book

Equity positions in the banking book include Investment in equities that are available-for-sale or held for strategic investment purposes. These investments are generally regarded as riskier relative to fixed income securities owing to the inherent volatility of stock market prices. The Bank mitigates these risks through diversification and capping maximum exposures in a single sector / company, compliance with regulatory requirement, following the guidelines laid down in the Bank's Investment Policy as set by the BoD. The Bank follows a delivery verses payment settlement system thereby minimizing risk available in relation to settlement risk.

41.3 Market Risk

41.3.1 Market risk is the risk of loss due to adverse changes in interest rates, foreign exchange rates, equity prices and market conditions. From the perspective of a Bank, market risk comprises of interest rate risk, foreign exchange risk and equity position risk, which the Bank is exposed to in both its trading and banking books.

The Bank has an approved market risk framework wherein the governance structure for managing market risk, measurement tools used and the market risk exposure limits have been addressed. The Bank's strategy for managing market risk is to relate the level of risk exposures to their risk appetite and the capital at hand.

The Board of Directors (BoD) and the Asset and Liability Committee (ALCO) are responsible for addressing market risk from a strategic perspective and are assisted by the market risk function in meeting these objectives.

The market risk function is also supported by personnel in the Middle Office function and directly reported to Group Head Risk Management. Its function includes ensuring the implementation of the market risk framework above in line with the Bank's strategy.

Risk reporting undertaken by the market risk function includes:

- a) Stress testing of the market portfolio; and
- b) Limit monitoring reports

Hedging measures are undertaken to maintain limits set out in the risk management framework.

In addition, the Bank is using the following to ascertain the impact of market risk.

- Factor Sensitivities
- Stress Testing

Currently, the Bank is using the market risk standardized approach for the purpose of computing regulatory capital, the details of which are set out in note 40.3.

41.3.2 Foreign Exchange Risk

Main objective of foreign exchange risk management is to ensure that the foreign exchange exposure of the Bank lies within the defined appetite of the Bank.

Daily reports are generated to monitor the internal and regulatory limits with respect to the overall foreign currency exposures and those in different currencies. The overall net open position, whether short or long has the potential to negatively impact the profit and loss depending upon the direction of movement in foreign exchange rates.

Foreign exchange open and mismatched positions are marked to market on a daily basis.

Currency risk arises where the value of financial instruments changes due to changes in foreign exchange rates. In order to manage currency risk exposure the bank enters into ready, spot forward and swap transactions with SBP and in the interbank market. The Bank's foreign exchange exposure comprises of forward contracts, foreign currencies cash in hand, balances with banks abroad, foreign placement with SBP and foreign currencies assets and liabilities. The net open position is managed within the statutory limits, as fixed by SBP. Counter parties limit are also fixed to limit risk concentration. Appropriate segregation of duties exists between the front and back office functions while compliance with the net open position limit is independently monitored on an ongoing basis.

41.3.3 Equity Position Risk in Trading Book

The Bank's objective with regard to holding equity investments in its trading book is to earn income from favourable market movements. Positions in the equity market are substantiated by sound fundamental and technical research.

Equity price risk is managed by applying trading limit and scrip-wise and portfolio wise nominal limits.

41.3.4 Yield / Interest Rate Risk in the Banking Book (IRRBB)-Basel II Specific

In order to quantify the interest rate risk sensitivity on assets and liabilities of the Bank, the Bank performs portfolio stress tests under certain assumptions to assess the impact on the Bank's capital adequacy. This exercise is conducted under SBP guidelines on stress testing. Accordingly, assets and liabilities as of December 31, 2009 have been subject to different shock levels (assumed rise in Interest Rate levels). The analysis implies that consequent impact on the Bank's overall CAR would be -0.22%, -0.45% and -1.13% with corresponding increase of 1%, 2% and 5% in interest rate levels respectively.

41.3.5 Mismatch of Interest Rate Sensitive Assets and Liabilities

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market interest rates. The Bank is exposed to interest / mark-up rate risk as a result of mismatches or gaps in the amount of interest / mark up based assets and liabilities that mature or re-price in a given period. The Bank manages this risk by matching/re-pricing of assets and liabilities. The Bank is not excessively exposed to interest / mark-up rate risk as its assets and liabilities are repriced frequently. The assets and liabilities committee (ALCO) of the Bank monitors and manages the interest rate risk with the objective of limiting the potential adverse effects on the profitability of the Bank.

41.4 Liquidity risk

Liquidity risk is the risk that the Bank will not be able to raise funds to meet its commitments. The Bank's "Asset and Liability Management Committee" manages the liquidity position on a continuous basis.

Bank's policy to liquidity management is to maintain adequate liquidity at all times and in all currencies under both normal and stress conditions, to meet our contractual and potential payment obligations without incurring additional and unacceptable cost to the business.

Treasury is responsible for the managing liquidity risk under the guidance of Asset Liability Committee of the Bank. Our liquidity risk management approach starts at the intraday level (operational liquidity) managing the daily payments queue and factoring in our access to the qualifying securities of State Bank of Pakistan. It then covers tactical liquidity risk management dealing with the access to unsecured funding sources and the liquidity characteristics of our asset inventory (asset liquidity). Finally, the strategic perspective comprises the maturity profile of all assets and liabilities on our balance sheet.

For monitoring and controlling liquidity risk, the Bank generates a scenario sensitive maturity balance sheet, and run controlled mismatches that are monitored daily and discussed by ALCO members atleast monthly. The Bank prepares various types of reports and analysis for assisting ALCO in taking necessary strategic actions for managing liquidity risk in the Bank.

41.5 Operational risk

The Bank currently uses Basic Indicator Approach to Operational Risk for regulatory capital calculations. We define the operational risk as the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. With the evolution of Operations Risk Management into a separate distinct discipline, the Bank's strategy is to further strengthen its risk management system along new industry standards. Accordingly the Bank has set up a separate Operational Risk Management Unit (ORM).

ORM Unit resides within Risk Management Group (RMG). Its responsibility is to implement Operational Risk management tools across the Bank for effective measurement and monitoring of operational risk faced by different areas of the Bank.

The Bank has implemented a Risk Self Assessment Methodology called Internal Control Evaluation Process (ICEP) framework across the Bank. ICEP framework overlooks the Risk Control and Self Assessment (RCSA) that has been implemented across the Bank to monitor and assess the internal controls in the Bank. Moreover, the Bank is in the process of revising procedural manuals and implementing best practices throughout the Bank. This project is in the completion stages.

The Bank has developed Operational Risk Matrices / Key Risk Indicators for all operational areas of the Bank. Currently these are in the process of being implemented with reporting mechanism formalised. Findings from KRIs will be used as predictive indicators of potential operational risks and will provide early warning signals.

Operational Loss data collection is governed by Bank's TID Policy which has been developed and implemented to collate operational losses and near misses in a systematic and organized way. Moreover, the Bank has put in place comprehensive IT Security Policy which addresses enterprise wide risk drivers inclusive of technology infrastructure, software hardware and IT security.

The Bank's Business Continuity Plan (BCP) includes risk management strategies to mitigate inherent risk and prevent interruption of mission critical services caused by disaster event.
